

LOGIC
Forest Solutions Ltd

GIS Analyst

Logic Forest Solutions (Logic FSL) is a progressive company with operations and expertise spread across the forest industry. We operate predominately in the Gisborne and Northern Hawkes Bay region and also more broadly across New Zealand. We have a talented team of professionals that specialise in all aspects of commercial forestry and land use solutions working towards our vision "To lead the way in innovative forestry management".

We are offering an opportunity for an energetic and self-motivated person to join our team in the position of GIS Analyst. This role requires experience and knowledge of Geographic information systems (GIS). The GIS Analyst will support forest management, and operational planning through spatial data management, analysis, and mapping for Logic FSL and its clients' requirements.

Key duties and responsibilities:

- Accurately map and maintain spatial datasets to support forest planning, operations, and resource management.
- Spatial data analysis to provide accurate information to support business reporting and decision making
- Support operational teams by providing reliable GIS data, mobile mapping tools, and streamlined field-data collection processes.
- Data entry and maintenance of stand records, harvest planning, and operational data through ATLAS GeoMaster
- Improve efficiencies using GIS analysis tools and automated workflows
- Assist in the delivery of practical GIS training and user support to build spatial capability and confidence across the organisation.

Key attributes:

- Relevant tertiary qualification in GIS, geography, or a related field
- Proficient user of Esri GIS suite of products
- Familiarity with Atlas GeoMaster stand record system
- Strong organisational & time management skills.
- A high degree of accuracy.
- Excellent interpersonal & communication skills.
- Ability to work on own and as part of a team
- Live in Gisborne region and happy to work in the office

This is a full-time, permanent position.

Please apply through the [seek.co.nz](https://www.seek.co.nz) website by Friday the 13th of March 2026.
